INTERROGATIONS

BY SCHOOL  
OFFICIALS

Administrators, teachers, and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

BY POLICE OR  
OTHER  
AUTHORITIES

For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA(LOCAL).

DESKS AND  
LOCKERS

Desks, lockers, and similar items are the property of the District and are provided for student use as a matter of convenience. Lockers and desks are subject to blanket searches or inspections by District administrators. Searches or inspections may be conducted at any time and without notice. Students shall be fully responsible for the security and contents of desks or lockers assigned to them. Students shall make certain that lockers are locked and that the keys or combinations are not given to others. Students shall not place or keep in a desk or locker any article or material prohibited by law, District policy, or the Student Code of Conduct. Students shall be held responsible for any prohibited items found in their desks or lockers.

VEHICLES

Students have full responsibility for the security of their vehicles parked on school property. It is the student's responsibility to ensure that vehicles are locked and that the keys are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in vehicles parked on school property.

School officials may search vehicles parked on school property if there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their vehicles parked on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents. If the parents also refuse to permit a search of the vehicle, the District may turn the matter over to local law enforcement officials.

USE OF TRAINED  
DOGS

The District shall use specially trained nonaggressive dogs to sniff out and alert officials to the current presence of concealed prohibited items, illicit substances defined in FNCF(LEGAL), and alcohol. This program is implemented in response to drug- and alcohol-related problems in District schools, with the objective of maintaining a safe school environment conducive to education.

Such visits to schools shall be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas

NOTICE

At the beginning of the school year, the District shall inform students of the District's policy on searches, as outlined above, and shall specifically notify students that:

1. Lockers may be sniffed by trained dogs at any time.
2. Vehicles parked on school property may be sniffed by trained dogs at any time.
3. Classrooms and other common areas may be sniffed by trained dogs at any time when students are not present.

PARENT  
NOTIFICATION

The student's parent or guardian shall be notified if any prohibited articles or materials are found in a student's locker, in a student's vehicle parked on school property, or on the student's person, as a result of a search conducted in accordance with this policy.

DRUG-TESTING  
POLICY  
SCOPE

The District requires drug testing of any student in grades 7–12 who chooses to participate in school-sponsored competitive extracurricular activities and any student issued a parking permit to park a vehicle on campus.

A student in grades 8–12 participating in these activities shall be randomly tested for the presence of illegal drugs and alcohol throughout the season in which the student participates. A student in grade 7 shall be tested at the beginning of the season in which the student participates.

In addition, all students shall be randomly tested throughout the school year.

COVERED ACTIVITIES

School-sponsored extracurricular activities for which testing is required shall include all extracurricular activities. A student issued a parking permit to park a vehicle on campus shall also be subject to testing.

PURPOSE

The purposes of the drug-testing program are to:

1. Prevent injury, illness, and harm resulting from the use of illegal drugs or alcohol;

ORIENTATION  
MEETINGS

The District shall conduct meetings with parents and interested student participants prior to the beginning of each semester.

District employees shall explain the drug-testing program and review the policy and consent form.

An educational presentation on the harmful effects of drug and alcohol abuse shall be provided.

Student attendance at the orientation meeting is mandatory, but parent attendance at an orientation meeting is not mandatory.

CONSENT

Before a student is eligible to participate in extracurricular activities, the student shall be required annually to sign a consent form agreeing to be subject to the rules and procedures of the drug-testing program. If the student is under the age of 18, the student's parent or guardian shall also sign a consent form. If appropriate consent is not given, the student shall not be allowed to participate in extracurricular activities.

USE OF RESULTS

Drug test results shall be used only to determine eligibility for participation in competitive extracurricular activities. Positive drug test results shall not be used to impose disciplinary sanctions or academic penalties.

Nevertheless, nothing in this policy shall limit or affect the application of state law, local policy, or the Student Code of Conduct. A student who commits a disciplinary offense shall be subject to consequences in accordance with the Student Code of Conduct.

CONFIDENTIALITY

Drug test results shall be confidential and shall be disclosed only to the student, the student's parents, and designated District officials who need the information in order to administer the drug-testing program. SUBSTANCES FOR WHICH TESTS ARE CONDUCTED

The District shall make available to students and parents a list of the exact substances for which tests will be conducted.

Samples shall be produced by a student from behind a closed restroom stall. A District employee of the same gender as the student shall be present when any samples are collected.

RANDOM TESTING

Random tests shall be conducted on as many as 18 dates throughout the school year.

No less than ten percent and no more than 20 percent of the students participating in the program shall be randomly selected for each random test date.

The drug-testing laboratory shall use a random selection method to identify students chosen for random testing. Students shall not receive prior notice of the testing date or time.

REFUSAL TO TEST OR TAMPERING

A student who refuses to be tested when selected or who is determined to have tampered with a sample shall be deemed to have a positive test result and shall be subject to the appropriate consequences depending on previous positive test results, if any.

If a student is absent on the day of the random test, a sample shall be collected on the next random testing date.

POSITIVE TEST RESULTS

An initial positive test shall be confirmed by a second test of the same specimen before being reported as positive.

Upon receiving results of a positive drug test, the District shall schedule a meeting with the student, the student's parent if the student is under the age of 18, and the coach or sponsor of the extracurricular activity to review the test results and discuss consequences.

The student or parent shall have five school days following the meeting to provide a medical explanation for a positive result.
